Free accommodation (lodging and meals) are provided for participants from outside Slemani governorate. In case of collaborative research, the accommodation covers only one researcher of every accepted paper.

**Participation criteria:**
1. Papers must be within the domain of the conference topics.
2. Papers must not be previously published or presented in any conference(s).
3. Paper abstracts should not exceed 400 words.
4. Full papers on e-society should not be more than 4000 words, and full papers on good governance should not be more than 7000 words.
5. Papers go through scientific evaluation by specialists, and (whether accepted or not) will not be sent back to the researchers.
6. Accepted papers will be published in a special edition of University of Human Development’s scientific journal.

**Important Dates:**
- Second Call for Papers: Feb. 20, 2016
- Deadline to receive full papers (Extended): March 10, 2016
- Deadline to notify the Researcher about the acceptance of papers: March 20, 2016

Please send your paper abstracts and full papers to conf@uhd.edu.iq

Conference spokesman (for press only):
Dr. Rauf Kareem Mahmood

Under the care of Dr. Yousif Goran
KRG Minister of Higher Education and Scientific Research

University of Human Development
in collaboration with
Sulaimaniya Polytechnic University
and
Kurdistan Institution for Strategic Studies and Scientific Research

holds
The Third International Scientific Conference entitled
Science and Modern Society in KRG

April 6 & 7, 2016

Slemani, Kurdistan Region of Iraq.
University of Human Development (UHD) is a private non-profit-making university, founded by Professor Dr. Ali Muhieddin Qaradaghi in 2008. UHD works according to the rules and regulations circulated by Ministry of Higher Education and Scientific Research (Kurdistan Regional Government). Currently, UHD contains four colleges; College of Law and Politics, College of Languages, College of Science and Technology, College of Administration and Economics. UHD works to become the leading academic center for education and scientific research, human development, and building human’s potentials to be creative, progressive and able to help offering prosperity everywhere.

Sulaimaniya Polytechnic University (SPU) is a state academic institution and a member of the International Association of Universities (IAU). It is located in the city of Slemani, Qirga neighbourhood in Kurdistan Region of Iraq. It was founded in 1996 under the name of Foundation of Technical Institutions, and then in 2003 it was changed to Foundation of Technical Education in Slemani (FTES). It was restructured to Sulaimaniya Polytechnic University in 2012. The University’s mission is to contribute to the society through the pursuit and promotion of education, learning, and research at its excellence. The educational vision of SPU is to produce skilled graduates with various high-standard, technical and academic qualifications.

Kurdistan Institution for Strategic Studies and Scientific Research (KISSR) was established in late 2005 by Prof. Polla Khanaka. KISSR moved to its new (1.5 ha) building on the outskirts of Slemani (Qirge) in June 2011. KISSR currently has 120 employees. At KISSR, PhD and Masters staffs also teach at universities in Kurdistan and technical institutions plus mentoring students from Kurdistan. As of December 2012, 110 students have completed their research works at laboratories in KISSR. Also, foreign students (e.g. from Germany) have conducted their researches in KISSR and have been supervised by our academic staffs.
